adamjk @etinarcadiusego i just googled and the public legal documents were a top result

42m 37 likes Reply

toby00001 @adamjk why hide the @goldenbellstudios tag?

25m 1 like Reply

powerfulcurves @toby00001 because their attention doesn't need to be drawn to this post

17m 10 likes Reply

toby00001 @powerfulcurves the legal action isn't a secret to them :D It's good that they see this post and the support Webcomic Name has. Maybe they will think twice before screwing people over in the future.

adamjk @toby00001 just trying to show respect because if OP had wanted to tag them, they'd be tagged

I'd want everyone and their mother to know not to support Golden Bell Studios (@goldenbellstudios) only greedy subhuman garbage steal from artists because they've never had a good idea of their own lmao

Some quick googling tells me I'll never support &lt;&lt; Golden Bell Studios/ Entertainment &gt;&gt; ever again! For entirely unrelated reasons, of course.

you're probably not allowed to say who but I don't want to give this company a cent of my money if they rip off small artists like that 😊😊 best of luck to you!!!

do not work with **golden bell studios** if you are an artist or game designer. they will steal your work and then sue you for the rights

alex norris @sillyallexnorris · Nov 8, 2022

Since 2019 I've been in an expensive, stressful legal battle to protect Webcomic Name (my "oh no" comics). It's a relief to finally talk about this publicly! I'm launching a crowdfunder to pay my remaining legal fees to end this. 1/8 [gofund.me/7478032b](https://gofund.me/7478032b)

Message: why are you bullying an artist? why are you filing trademarks that aren't really yours? I hope Alex Norris wins their legal battle against you... "Moreover, Norris claims, they did artwork for the project, including 400 illustrations, and have not received the advance nor copies of the supposedly forthcoming game." is that right? you're kinda being the villain here. Do the right thing. People will otherwise take more action against you and villainy only gives you loss of revenue.

Message: Hi. I have a slight concern over your business practices. As a member of many board game groups on facebook, and other platforms, reaching hundreds of thousands of boardgamers, I will make it well known about the Alex Norris issue and others that are coming to light, that you have unscrupulously dealt with. I hope you change your business practices. Kind regards Ben
